JOINT VALUE BROCHURE

CREATING HYBRID LEARNING SPACE
SOLUTIONS TOGETHER

Building Effective Classrooms Both
in the Virtual & Physical World

About ClassIn

A Class is Not a Meeting, and We Know It! ClassIn build Learning Environments. Not Conference Rooms. Because of our focus and specialty, we're able to handle any teaching modality there is - from fully virtual, to hybrid (some remote, some in-person), to 100% in-person, blended learning. We outshine conferencing solutions in our interactivity, management functionalities, and ecosystem integration. Compared to average video conferencing software, ClassIn tailors to the needs of hybrid learning through a professionally designed virtual classroom with interactive tools, an integrated LMS and Instant Messenger (IM) system, a seamless livestreaming service, a powerful management dashboard as well as a high compatibility with Hikvision hardware.

User Benefits

1 • Dial up the fun with class activities

Take full advantage of ClassIn's virtual blackboard, responder, timer, and more teaching tools to boost interaction.

2 • Make sure every student is heard

Assign the small blackboard in class to encourage student input without the pressure of raising their hands.

3 • Create a distraction-free classroom

ClassIn's focus mode brings the classroom into full screen and pins the window to always be on top.

4 • Stay on track with learning progress

Keep students on the edge of their seats with ClassIn's selector tool for a pop quiz of multiple-choice questions.

5 • Give positive feedback in time

Reward students with virtual trophies when they are paying close attention and actively participating.
